ASTRAL LED POST TOP

ASTRAL LED POST TOP is a classic architectural outdoor luminaire designed to combine decorative aesthetics with efficient and comfortable illumination for landscape and pedestrian areas. The luminaire features a robust die-cast aluminium housing with a distinctive decorative crown and supporting arms that create an elegant traditional appearance. A die-cast aluminium heat sink provides effective thermal management, while the polycarbonate frosted diffuser delivers soft, glare-free and uniform illumination. The fitting is finished with durable PU paint and is available in custom RAL colours.

With a width of 400mm and approximately 645mm height, ASTRAL LED POST TOP is suitable for landscape pathways, gardens, parks, residential complexes, hotel and resort grounds, pedestrian walkways, courtyards, commercial outdoor spaces and architectural landscape projects.

Divinity Lights provides customized lighting solutions according to clients' specific requirements, including suitable finishes, configurations and installation solutions for diverse outdoor lighting applications.
