BLUEBELL

LED POST TOP

BLUEBELL LED POST TOP is a contemporary outdoor lighting solution designed for pole-mounted applications, combining a decorative lantern-style form with durable construction and efficient LED illumination. Its die-cast aluminium housing and supporting arms provide a robust structure, while the clear PC optical element ensures effective and comfortable light distribution. The elegant design makes it suitable for enhancing pathways, landscaped areas, residential communities, hotels, resorts, gardens and other outdoor architectural spaces.

Bluebell is well suited for landscape pathways, gardens, residential complexes, hotels, resorts, walkways, parks, courtyards and architectural outdoor areas, where decorative appearance and reliable illumination are required.

Divinity Lights provides customized lighting solutions according to specific project requirements, including suitable finishes and configurations.
