FALCON TRICK LIGHTS

FALCON TRICK LIGHT is a sleek and contemporary surface-mounted architectural luminaire featuring a robust aluminium die-cast housing. Its compact and modern design makes it suitable for enhancing exterior architectural elements while maintaining a clean and refined appearance.

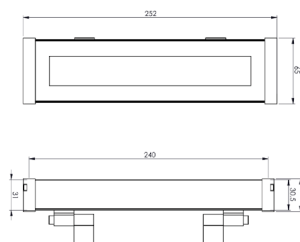

The luminaire incorporates high-performance LED technology with 2700K, 3000K and 4000K CCT options, CRI >80, UGR <19, and MacAdam ≤ 3 SDCM for consistent colour quality. It provides a 360° beam angle with efficient light distribution and an efficacy of approximately 80 lm/W.

Rated at 10W, Falcon Trick Lights operates on 220–240V AC and is available in Non-Dimmable and DALI-Dimmable configurations. With PF >0.95, THD <10%, and IP66 protection, it is designed to perform reliably in outdoor environments.

With dimensions of approximately 252 mm × 65 mm × 33 mm, Falcon Trick Lights is ideal for architectural façades, building exteriors, commercial spaces, pathways, landscape structures and decorative outdoor installations. Divinity Lights provides customized lighting solutions according to specific project and client requirements.
