LYRA LED POST TOP

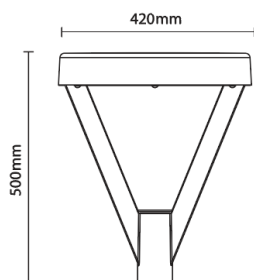

LYRA LED POST TOP is a contemporary architectural post-top luminaire designed to provide elegant and uniform outdoor illumination while adding a distinctive decorative character to landscape environments. The luminaire features a robust die-cast aluminium housing with a decorative crown supported by six die-cast aluminium arms, creating a balanced and modern geometric appearance.

A die-cast aluminium heat sink provides efficient thermal management, while the polycarbonate frosted diffuser delivers soft, glare-free and evenly distributed illumination. The fitting is finished with a durable PU coating and can be supplied in custom RAL colours.

With a diameter of approximately 420mm, LYRA LED POST TOP LIGHT is suitable for landscape pathways, gardens, parks, residential complexes, hotel and resort grounds, pedestrian walkways, courtyards, commercial outdoor spaces and architectural landscape projects. Divinity Lights provides customized lighting solutions according to clients' specific requirements, offering suitable finishes, configurations and lighting solutions for different outdoor applications.
