

NIRVI IP-68

UNDERWATER LIGHT

Direct | Surface

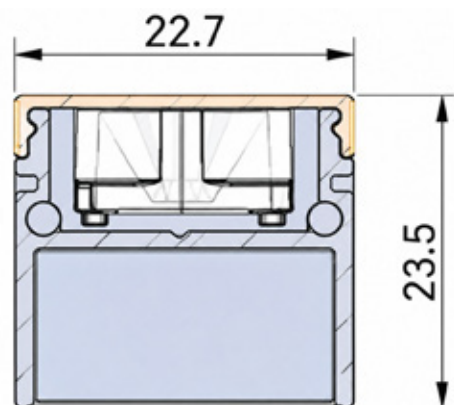

NIRVI DIFFUSER -IP68 is a sleek and durable underwater linear light designed for architectural and decorative illumination in swimming pools, water features, fountains and other wet environments. It features a robust housing with IP68 protection, making it suitable for reliable underwater operation. The linear profile provides continuous and uniform illumination while maintaining a clean, minimal appearance.

With its compact 300 mm length × 22.7 mm width × 23.5 mm height profile, Nirvi diffuser is ideal for concealed or surface-mounted underwater applications.

Divinity Lights provides customized lighting solutions according to clients' specific requirements, making Nirvi diffuser suitable for swimming pools, fountains, water bodies, landscape water features, hotel pools, resorts and luxury residential projects.
